INTRODUCTION

Biathlon Alberta is the governing body for the Olympic Winter sport of Biathlon in the province of Alberta. The mission of Biathlon Alberta is to promote, develop, and administer biathlon to the highest standard of excellence.

Biathlon Alberta was incorporated in 1990. The Association currently has 10 member clubs, approximately 400 individual members, and two full-time staff. Biathlon Alberta sanctions and supports over one dozen winter and summer biathlon events annually, at a variety of biathlon facilities. Alberta athletes, meanwhile, dominate national competitions, and represent a significant portion of the Canadian National Team.

We hope you find the materials included in this report informative and useful.

-Andy Holmwood

Hinton Nordic Skiers	Hinton
Rocky Mountain Racers	Canmore
Wapiti Nordic Ski Club	Grande Prairie

2011 ANNUAL GENERAL MEETING – REPORTS

President's Report "Outstanding Achievement by Alberta Athletes"

Last year we recognized the outstanding efforts of the volunteers in the sport of biathlon from Alberta. While our volunteers continue to be the life blood of the sport, this past year was a time for our athletes to shine. Alberta has always been a strong contributor to the National Biathlon team and this continues with half the National team coming from Alberta. The Canada Winter Games was an excellent show put on by the Halifax organizing committee. Scott Gow was given the honour of carrying the Alberta flag at the opening ceremonies and responded by winning four gold medals. In fact the four person men's team won every available biathlon medal and the 11 biathlon medals won by the women and men were the most medals won at the games by Alberta in any sport. In fact none of the Alberta biathletes finished out of the top ten in any race. Congratulations!! The dominant performance continued at the Canadian National Championships where Team Alberta won 52 of the 90 individual medals and all the relays. On the international scene, the Alberta biathletes put on a strong showing at the IBU World Youth and Junior Championships with several top 20 results (in fields of 100+). Three of four biathletes selected by Canada to attend the first ever Youth Olympic Games in Innsbruck this winter hail from Alberta. This success reflects the strong club program in Alberta and the local race scene which continues to be sponsored (with our sincere gratitude) by Calforex Currency Exchange.

Biathlon Alberta had a major new initiative this past year – the creation of the Biathlon Alberta Training Centre. The goal of the Training Centre is to support full time biathletes aged 18-23 so that they stay in the sport and continue to progress along the Long Term Athlete Development model from the Train to Compete stage toward the Compete to Win stage. The Training Centre started this spring with 13 athletes and a full time coach, Richard Boruta. We are very encouraged with the progress so far and expect that this new facility will just continue to enhance Alberta biathlete performance.

Biathlon Alberta returns to the world stage this coming February when we host the first ever IBU Cups to be held outside of Europe. The four races (both women & men) will be held at the Canmore Nordic Centre February 10-16, 2012. This is a crucial step to keep the sport coming back to Canada and to provide our athletes with a chance to compete with the best in the world.

We have three primary goals at Biathlon Alberta; to grow membership, to develop athletes, and, to grow coaches and officials (all while being administered efficiently). We are succeeding in all goals but the membership growth is still not at a pace we had hoped. Our member target was to double from 2008 through to 2013. We are half way to the end date but our growth numbers tally roughly 20% over this period. We will continue to focus on growth by supporting clubs throughout the province. Our financial position remains strong and the Board remains very active.

This success would not have been possible without the efforts of our two employees, Alan Ball and Andy Holmwood. Alan Ball leaves us this year but I am sure he will remain active with the sport. I would like to

thank Alan for his passion and energy that he has given us and the sport. Also I would like to thank the Board for their patience, wisdom and support.

Ken Davies
President, Biathlon Alberta

Vice-President Technical

As usual, the last year was a busy one for Biathlon Alberta. After a couple of years of discussion, new (non-IBU ages) categories were adopted for Calforex races and in general, they worked very well and were appreciated by coaches and athletes. The new categories will remain in place for the upcoming race season.

From a competition point of view, it was a packed season with two NORAMs in Canmore, Western Championships in Camrose and Alberta Championships in Hinton. One disappointment was the cancellation of the Grande Prairie Calforex races due to extreme cold.

Alberta was well represented at World Youth Junior Championships in Nove Mesto, Czech Republic with 8 of 16 selected athletes and plenty of impressive results.

The National Team had a great Alberta representation and that will continue into this season with 13 Alberta athletes named to the Training and Development Squads for 2011/2012.

Mark Arendz had a phenomenal year on the ParaNordic World Cup Circuit, with podium finishes in all but one race including 3 gold medals (one of them his first ever World Cup gold).

Canada Winter Games were a great success for Alberta, crowned with a CWG-record sweep by Scott Gow who brought home gold in every event. In total, Alberta won 11 of a potential 20 medals.

At the National Championships in Charlo, New Brunswick, Alberta won more than half of the available medals.

Three Alberta athletes, Danielle Vrieling, Stuart Harden and Aidan Millar were named to the 2012 Youth Olympic Winter Games team which will be held in Innsbruck in January.

John Jacques was honoured as Biathlon Canada Coach of the Year and Scott Gow was awarded Male Athlete of the Year.

All these successes highlight the strong coaching, support teams and volunteers we have in Alberta today. Without them, these performances would be much harder, if not impossible, to achieve.

Continuing our efforts to keep athletes involved in the sport after high school and to prepare athletes to be ready for entry to national teams and for international success, the Biathlon Alberta Training Centre was launched in May. Richard Boruta is the Head Coach and he has a group of 13 athletes training full-

time in Canmore. So far, the program is moving smoothly and has a wide range of athletes from some on the National Team to those who are working hard to get there.

Expect another exciting season with a full schedule of Calforex, NORAM and 4 IBU Cup races – the first ever held in North America - to be held in Alberta.

Respectfully submitted,

Karin Kaarsoo

Executive Director

I've now completed three years with Biathlon Alberta, and would best describe my progress with the Association in terms of skill acquisition and development: At this point I've acquired and honed the necessary skills to perform my job, and am hopefully approaching some level of, if not mastery, competence!

Much of my position involves performing the basic everyday administration and communication duties necessary to keep an association such as Biathlon Alberta alive and running. These duties include banking, bookkeeping, website maintenance, Board of Directors' coordination, communication with the members and stakeholders, and coordination of various Biathlon Alberta programs.

Fortunately, the amount of administrative work at Biathlon Alberta is not so great that I am precluded from other activities, including events coordination and some involvement with Team Alberta activities.

Specific highlights of the past year included:

- Establishment of the **Biathlon Alberta Training Centre**, to which I have provided administrative support;
- Supporting Calforex Cup events in Edmonton, Camrose, and Hinton, as well as events occurring in Canmore, and working with BA members and clubs from around the province;
- **Managing Team Alberta at the National Championships in New Brunswick**. A very successful trip – Biathlon Alberta is fortunate to have such high-calibre athletes and a solid group of professional coaches

Finally, thanks to the Board of Biathlon Alberta for providing a supportive, flexible, and enjoyable work environment. In addition, a big thank-you is due Alan Ball for being an entertaining, engaging, and supportive co-worker over the past three years.

-Andy Holmwood
