Competition Camp, Sept. 10 - 12, Canmore

Program:

North American Roller Ski Championship Biathlon Competitions, Sep. 11-12:

We would like CWG Squad members to compete in the Jr. Men/Women categories at the NACH (Roller Ski) as part of their CWG program. The competition will be organized along traditional lines, with athletes supported by their clubs. Alan Ball will be in attendance on behalf of CWG and will provide race support to those who request it.

Continuing with our mental training/shooting program, athletes should set and maintain first-bullet goals consistent with our last camp sessions with Eric Jensen. In terms of accuracy of shooting, 16/20 is an acceptable minimum, with competition goals set to better this.
